YOEMEN TAKE CONFERENCE LEAD

'THE TIGERS' Are COMING'

Belton Fans Will Find Welcome in Friendly City

Belton fans, backing their Tiger team, will invade Cameron Friday night on a special train. The game will start at 8 p. m. at Yoemen field.

The last game of the season for the Yoemen with the conference title at stake, the game is the crucial engagement of the year. Belton has lost two games, the Yoemen have lost none, but a loss to Belton would place Rosebud a half game ahead of the Yoemen.

Enthusiasm was running high at the high school and the infectious enthusiasm had enveloped the city as well.

Coach Wood, discouraged with the let down of his team which could get only a tie with Rockdale, was looking up a bit this week. Yoemen have regained their fighting poise and are looking to Belton for their sensational win of the season.

Trent Newton, injured and almost out of the play in the Rockdale game will be at the helm to-morrow night at quarter. Simmie Smith, the spark plug quarter who has been ill twice during the season, is ready and all seems fair ahead. Gus Evans, injured in the game at Rockdale, is all right again.

Rain fell on the field Wednesday night. Indications are the field will be slightly heavy unless sunshine comes to the rescue. Heavy clouds Thursday hung over the city with no indications of clear weather.

Tucker Cases Called For Trial Nov. 26th

Witnesses in the cases against J. C. Tucker, charged with 17 indictments with embezzling funds from the defunct Cameron State Bank, have been summoned to appear in Belton on Monday November 26.

The case has been postponed from time to time and several years have elapsed since Tucker's indictment. He now lives in San Antonio.

Santa Claus

This is another warning to the children of Milam County. Santa Claus is really on his way. The positive date and hour of arrival is December the 5th, 4:00 P. M.

According to the advance information Santa Claus will arrive in a gorgeous two section float. He will talk with every child and more to the point—every child gets all the candy he or she can eat. Children must make their Christmas lists and be prepared for the occasion.

Santa Claus instructed the Cameron Commercial Club to be sure that all the children were notified and further—to be sure that all the children will be there. Remember kiddies its the downtown streets of Cameron on the evening of December 5th at 4:00 o'clock. Bring Daddy and Mother, your Christmas list and be there.

GOVERNOR NAMES CAMP DISTRICT ATTORNEY

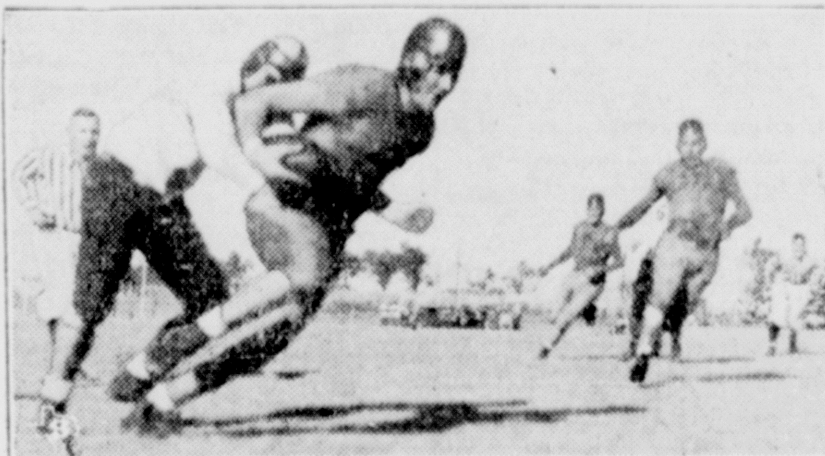

Emory B. Camp was named Criminal District Attorney late Saturday afternoon by Governor Ferguson.

Bill Morrison resigned from the place when he had completed the September term of court. Failure to get his name on the ballot in the general election prevented his election.

Mr. Camp was certified to the ballot and received the endorsement at the polls. He was serving as a member of the Legislature when appointed by the governor.

He was receiving his baptism this week when the November term of the grand jury convened.

Stampeding Ponies Down Aggies, 28 to 0

S. M. U.'s Rambling Remuda cantered through the Texas Aggies to a 28 to 0 victory Saturday, which included completion of 12 straight passes, one for 53 yards. In the picture Bob Finley, surprise sophomore back, is shown as he was tackled after a nice gain. At the same time Rice was invading the sty of an infuriated herd of Razorbacks at Fayetteville, Ark. to win a tight game 7 to 0. T. C. U. was taking in Loyola at New Orleans by the same score and Texas was running over Baylor at Austin, 25 to 0. (Texas News Photos.)

CAR LOAD CHRISTMAS GIFTS FOR ORPHANS

Christmas is coming early for the orphans in Buckner's at Dallas.

Every Baptist church in Milam county and many friends outside this denomination are working toward filling a freight car with clothing, food, toys, anything that a normal child will need or love to receive.

Already at Milano the car is being opened to receive goods from the South Zone of Milam. Friday afternoon it will arrive in Cameron and those persons in North Zone will have opportunity of bringing their gifts.

L. W. Sample of Burlington, L. E. Strickland, Rockdale, J. C. Mayfield, Cameron, J. H. DuBois, Cameron, Mrs. J. L. Denson, Cameron, and possibly others are working to have a full car to ship to Dallas. Through the courtesy of the Santa Fe Railroad this car will be shipped direct (See GIFTS on last page)

Cars Needed for Belton Train

Cyrus Cottle of the Athletic Council requests that citizens be in readiness at 7 p. m. Friday to meet the special train from Belton at the Santa Fe Station and convey about 200 Belton fans to the Yoemen field.

Cars will be needed. It was regarded as certain a sufficient number of cars would be available as co-operation has been at the maximum all year. Cars will be needed for 200 Tiger fans.

After the game is over which will be around 10 p. m. the cars will be needed to take the Belton fans back to the station.

Get in touch with Mr. Cottle at once or any member of the council, which includes Penn Wolf, District Clerk, who has been most active in promoting support for the Yoemen. Have your car ready. This is the last game of the season. Let's make it 100 per cent complete by adding this touch of hospitality to our visitors and thus co-operate with the council.

ROCKDALE TIE THE YOEMEN 6 TO 6

MAROON TIDE FINDS TIGER WALL IS HIGH

It was Pirandello, the Italian Noble prize winner for literature, who said: "Nothing is true, and anything might be." All of which means that fandom clustered around the goal posts of the 1934 Yoemen have awakened to the realities as well as the rigors of football.

When the Rockdale Tigers rose to the stratosphere Friday night to tie the Yoemen in a 6 to 6 stand off the Maroon Tide had to have seven league boots to wade out of its own depths and was thankful to escape undefeated.

Some wise cracker said that the Yoemen were overconfident and their chests stuck out so far they couldn't see the ball. Of course this is untrue. The fact is the Yoemen not only played a good game of football, but are to be congratulated on their strength to overcome the usual season let down. For example: Rosebud lost to Taylor 29 to 7 in the season's greatest upset. Rockdale's Tigers are much underrated. After the Rosebud game they had difficulty with injuries and are now pulling into the stretch with an even chance with other teams more highly rated, to figure in the flag hoisting.

It was the first annual classic of the ancient rivals since electric lights came along to give busy people a chance to see football. Rockdale's new field was beset by a colorful spectacle. More than 3000 people saw the game.

Slated to win the Yoemen went on the field as heavy favorites. They came off bedraggled but safe. Only twice in the second half did Rockdale feel the pigskin. Yoemen couldn't command the punch to put over a touchdown although they rang the door bell of the Tigers time and time again. The Tigers bolted the door.

Yoemen started in fine style with Breeding and Hrozek clicking in the usual form. The first touchdown came in the early part of the second quarter. Hrozek took a pass from Breeding after Rockdale had kicked to Cameron and it was good for 30 yards. Hrozek then took it for another 15 yards. Breeding went off tackle for 12 yards after Gillis had fumbled to have the ball recovered by McLean.

Simmie Smith who had displaced Newton for the time at center went to the end zone to receive a pass from Breeding and went over for a (See FOOTBALL on last page)

Cantaloupe Growing In Brazos Bottom H. Riley's Plan

H. Riley of Milano recently purchased 69 acres of land in the Brazos bottom near Hearne. He will introduce cantaloupes in that section this year. It will mark the first major effort to displant king cotton in the fertile lands of Brazos county.

The tract purchased by Mr. Wiley is located at the Brazos end of the river bridge north of Gause. Last year this land produced 60 bales of cotton and this year over 30 bales.

Mr. Riley plans to plant the entire acreage to cantaloupes and to give that fertile section a real test on production. He is the father of the cantaloupe planting in the Milano section. He owns two tracts of land in Milam county, one of them being in the Hanover section.

The land purchased by Mr. Riley in the Brazos bottom commanded a high price. It is a part of the Lewis tract value dat more than \$100,000. He has made a success of truck growing and sets a good example for other planters.

Evelyn Nell Janicek, one and a half year old daughter of Mr. and Mrs. Lawrence Janicek on Rosebud Route 3, has won a gold medal in the nation-wide contest at the Century of Progress in which pictures of 114,365 babies were entered, according to notification received by her parents.

Mrs. Janicek before her marriage was Miss Cecilia Lorenz.

The Yoemen jumped into the lead for the Conference Title in District 25 Friday night when Rosebud lost to Taylor 29 to 7. Although Coach Wood's 1934 bid was not high enough to get the stake in the Rockdale game, the Tigers were only able to tie the Yoemen.

The net result of the season is that Yoemen have two ties while Rosebud has one tie and one loss, making a half game difference between the teams in Cameron's favor for the Conference.

Belton has lost two games. If Cameron defeats the Tigers Friday night the conference is won. A tie will even the count with Rosebud and a loss will mean the Yoemen are out of the Conference.

The game Friday night is the last game of the season. Unless a tie occurs somewhere in the district Yoemen will make their farewell to the crowds for the 1934 season.

HELPS WHOLE FAMILIES

Attention, MOTHERS, to what every doctor knows to be a fact, and what they say to avoid

If you have children who are occasionally constipated, you should know this.

If you are "not yourself" because of a constipated condition, don't blame it on your blood condition, or your age, but first try this treatment that safely relieves sluggishness in children or adults.

The Proper Treatment

You can't safely relieve the bowels with any medicine if you can't regulate the dose. To regulate dosage, you should have a liquid laxative. When necessary to repeat, you can gradually reduce the dose. And that is the secret of safe relief from a sluggish, constipated condition at any age.

A liquid laxative can be measured. Its action can be thus controlled. If properly made, of such natural laxative elements as senna and cascara, it forms no habit—even in the youngest child. And such a laxative will help the bowels to help themselves.

Dr. Caldwell's Syrup Pepsin is an approved liquid laxative containing

BE CAREFUL

IF you need more today than the first time you took it.

IF it drains the system (by too watery a movement).

herbs, active senna, and cascara, and is the one widely used. You can always obtain it at any drug store. Why not make the "liquid test" which has attracted so much attention of late? It helps nearly everyone who tries it. It may make you feel better overnight. The children will like it, too; Syrup Pepsin has a delightful taste.

If you will risk sixty cents to discover the safe, pleasant action of Dr. Caldwell's Syrup Pepsin, we believe your bowels will be over your household.

Let's Go After Some Business.

It's about time for merchants and business men of Cameron to look ahead and resume plans for business as usual.

While there has been an excusable let-down in the past few years the tide is beginning to turn, the buying power of the people is improving and trade will naturally come to the merchants who go after it.

In this connection we point out that one of the greatest factors in advancing the commercial and business interests of any city is a first-class newspaper. Somehow, people in a given territory trade in the town whose newspaper they read. The Herald with its thorough coverage of the trading area of Cameron is indispensable in any concerted trade promotion.

We do not mean and would not advise that merchants in any city should support a newspaper solely because it is published where they have their places of business. But we do say that, where a newspaper is published in a given city, with adequate coverage of the trading area and a comprehensive service to the people of that section, merchants and business men would do well to advertise in the publication.

Cameron's business will grow almost identically with the success of its journalistic enterprises. The support from advertisers, which insures newspaper success, widens the field of influence for a publication and brings back dividends to the business men involved. There is no question about the truth of this conclusion.

It would, perhaps, be unbecoming for us to say that The Herald is such a worthy representative of the publishing world and the question is left for answer from our business interests. If they conclude that this newspaper is a good salesman for this section and will give us the support that such a representative deserves there will be a decided improvement, and among the first to feel it will be the advertising business men of Cameron.

Recognize Manchukuo?

Japan plays a very clever diplomatic game with the other nations in regard to her puppet-state of Manchukuo, carved out of Manchuria, Jehol and other Chinese territory, stolen from the ancient nation by the Japanese army.

The Japanese absolutely dominate the little puppet-state. Japanese citizens, many of them army officers, have been appointed in high state positions, but Japan maintains the fiction to the outside world that they are officers of Manchukuo, and smilingly denies that the actions of the little country are in any way controlled by Nippon.

The other day the government of Manchukuo announced plans for oil monopoly, ostensibly for itself but in reality for the benefit of the Japs. British and American oil companies, facing heavy losses out there, called the attention of their governments to the program, as did the Dutch oil firm. Then the farce began.

The three governments, none of which had recognized the independence of the little state, addressed their protests to the Japs at Tokio. They smiled, refused to admit any

responsibility, and informed the complaining nations to make their representations to the government of Manchukuo. This they can not do without recognizing the state. So, its either recognize the state or let it do as it pleases.

So, by the fiction of the independent state, Japan carries forward its plans in Manchukuo, without assuming and responsibility. With its large army and powerful navy, the Japanese Empire is ready to fight any nation which seeks to challenge its right to the spoils and booty of the Manchurian invasion.

Have We Too Much Government?

Now that the election is over and the officials named for the ensuing term it might not be amiss to direct attention to the cost of our system of government.

According to the recent census figures the tax payers of the United States support 3,062 county governments, 16,659 city governments, 128,548 school districts and 19,769 township organizations. The question before the citizens of this country is whether there are too many organizations for modern needs.

We have no objection to any of these arms of government if the taxpayers are willing to pay for them. However, the average citizen of this republic pays \$70.09 each year to support them, when many of them could be eliminated without crippling government in the least.

The Ocean of Truth.

The great English scientist, Isaac Newton, was, in some ways, a modest man. Notwithstanding his great discoveries and theories, he realized that he had only scratched the surface of investigation. He said:

"I do not know what I may appear to the world; but to myself I seem to have been only like a boy, playing on the seashore, and diverting myself in now and then finding a smoother pebble or a prettier shell than ordinary, whilst the great ocean of truth lay undiscovered before me."

There is no excuse for any one thinking all of the truth has been found. Keep your mind open for the reception of new facts, always recognize the possibility of present conclusions being in error. The man or woman who closes his or her mind to new truths will at the end of life be ignorant—that's how fast the world is moving.

Facing Cameron's Duty.

We know that the government is doing much to aid those who would otherwise become discouraged victims of the depression, and while some may criticize the expenditure of public funds for this purpose we cannot condemn it in principle. Certainly, there are those who need help, and they should have it, even though it means, as it inevitably does that sycophants and chislers will horn in and take money that they are not entitled to receive.

The estimate is that 23,000,000 people will receive relief this winter from the government which has been forced to assume the task because private charity could not bear the burden. However, the government which passes out food and clothing and money cannot restore broken spirits or fan the fires of the human heart. This task of service that lies ahead of every community in the United States and Milam county should respond by doing what Mr. Newton D. Baker, head of the "1934 Mobilization for Human Needs," urges it to do, namely organize, formulate a program, secure donations and carry on in an effective manner.

Mr. Baker declares that when we have done our best "the feeble and sick will need care and nursing" and "that the character will be forming in several million boys and girls under conditions all too likely to start young trees in twisted, if not crooked directions." The government is doing much but its help does not reach this field and every citizen in every community, according to his or her ability, must accept part of the responsibility to keep alive the "possibilities of American manhood and womanhood for millions of people."

NEW JAP WARSHIP

London.—Japanese naval circles intimate that if the Washington naval treaty expires, Japan will build compact floating fortresses, like Germany's pocket battleships, and thus attempt to match American and British navies at minimum cost. The new vessels, according to Japanese designers, would be used essentially for defense of island waters.

"MA" Tells Texas To Eat Cheese!

Governor Miriam Ferguson cuts a giant loaf of cheese in her office at the Capitol, officially proclaiming the week of November 11 to 17 Cheese Week for the State of Texas.

Lower panel, the new model cheesemaking plant at Victoria, Texas, where ceremonies on November 9, 10, and 11 will inaugurate Cheese Week and mark official beginning of cheesemaking operations in Southeastern part of state.

National Cheese Week—celebrated throughout the nation November 11 to 17—has a double significance for Victoria, Texas, and the entire Southwest.

With Governor Miriam Ferguson proclaiming Cheese Week for the state, the Week will get under way at Victoria November 9, 10, and 11, in a formal opening of the new cheesemaking plant at which J. L. Kraft, and other dairy leaders from both the North and South will be present.

The Victoria plant, regarded as a model for American cheese production, will provide a year-round cash market for several thousand dairy farmers in the immediate vicinity. Another model plant at Bonham, Texas, is being erected, making a triumvirate of important cheese-producing centers for the state of Texas. The first important cheese-production center, and present headquarters in the Southwest, of the Kraft-Phenix Cheese Corporation is the plant at Denison.

P. T. A.

The November meeting of Cameron Parent-Teacher Association was held in Ada Henderson Auditorium last Thursday.

The afternoon's program began with a playlet written by Roy Drisker of the 6th grade and staged most creditably by a group of the 6th grade boys and girls, directed by their auditorium teacher, Miss Mantor.

Mrs. H. J. Harsha, accompanied by Miss Dickard, sang, "My Key." It was beautifully rendered.

The address of the afternoon was given by Mr. E. A. Perrin, superintendent.

Mr. Perrin's subject was "Education for Complete Living. Mr. Perrin stated that any factor bringing about a changed condition, leading toward more complete living, is factor of education.

"Educational beginnings in the home are dependent largely upon the mother, and the results of her care are evident throughout the life of the individual. School should be but the extension of the home into another building. As harmony between parents is an essential quality of wholesome home life, so harmony between home and school is essential to the next step toward complete living—knowledge of physical, mental and spiritual truths is but a means to the great end of all education—a more complete living," said Mr. Perrin.

A night meeting December 14 will give opportunity for Cameron fathers to be present. Visiting speakers will address this meeting and unique entertainment is planned.

CELEBRATE GOLDEN WEDDING

This was also the 17th wedding anniversary of Mr. and Mrs. Martin Ruby. A lovely turkey dinner was served, and later in the day a number of friends of the Petersons called and wished the happy couple many returns of the occasion.

Mr. and Mrs. Ruby were remembered with many useful gifts.

Mrs. Jesse Coward and Mrs. D. W. Key were selected as delegates by the County Home Demonstration Club to attend a meeting of the Texas Agricultural Workers Association which will be held in Dallas December 3-6.

His name was overlooked last week in placing of mailing galleys. Mrs. Annie Kruger who lives on her farm near Ben Arnold was in Cameron Saturday on business and will read the Herald again in 1935. Mrs. Kruger recently sold her farm equipment and has not decided upon her future plans. She is the widow of the late Herman Kruger, well known citizen who died at Maysfield in September of 1932.

Walter Sitz who lives on his farm on route 1 out of Ben Arnold is among the large number of readers to renew their subscriptions for another year. Mr. Sitz was in Cameron Saturday on business and while here was a guest in the office of the publisher. He believes that conditions have improved some but does not think the cotton control plan is just to small farmers.

From Buckholts route 2 comes the renewal subscription of Mrs. Martin Rubac. She has been a reader of the Herald for a number of years and the publishers welcome her continued membership in the big family of readers.

W. H. Fletcher, business man at Minerva, was in Cameron Tuesday on business and while here advanced the date of his Herald for another year. Mr. Fletcher is one of the fathers of the Minerva oil field development, and now has the agency for sale and distribution of Minerva gasoline.

Louis Gerick, a reader of the Herald for a number of years, will read it again in 1935. He was a business visitor here last week end and gave his renewal for another year. Mr. Gerick lives on his farm on route 1 out of Cameron and says that conditions have improved some but believes that the cotton control plan could be made more just for small planters.

Mr. and Mrs. Jimmie Haygood of Austin spent Armistice Day here with her parents, Mr. and Mrs. B. Slocomb. Mrs. Haygood before her marriage was Miss Nancy Rea Slocomb.

Kept Taking Cardui Until She Got Rid of the Severe Pains

When Mrs. Ida Hege, of Edinburg, Ind., was in a painful, run-down condition, she took Cardui, with the results she describes below: "I had just been what one might say dragging around, feeling miserable and all out of sorts. I remembered how Cardui helped my aunt. I sent for six bottles of Cardui and when I had taken them, I was much better and stronger. I did not suffer so much pain. I continued taking Cardui until I had taken nine bottles. I do not have the severe pains." ... Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

Redskin Fun

The Indians had a way with a bow and arrow—but they do the co-eds at Texas Christian University, Fort Worth. Part of the regular work in the girls' physical training classes is concerned with archery. Here is Miss Florence Fallis, T. C. U. senior, drawing the bow. (Texas News Photos.)

Miss Patsy McGregor who was a student at State University, spent Armistice day here with her mother, Mrs. C. P. McGregor. She was accompanied by her schoolmates, Misses Theresa Dean of Beaumont and Buny Brown of Fort Worth.

Among the new readers of The Herald in the Buckholts section is Sidney Frazier who received his first issue of this old newspaper last week. E. H. Boedeker who farms near Cameron will read the Herald through 1935. He was a business visitor in Cameron Wednesday morning and while here called to take advantage of the rates now being offered for subscriptions. Mr. Boedeker believes that conditions have improved but also finds that the Bankhead cotton law has worked unjustly against the small planters. They have been reducing cotton acreage for many years by planting their own feed crops.

N. Y. Hayes of the Martow Community, a reader of the Herald for many years, was in Cameron Wednesday and has taken advantage of the subscription bargain rates to extend his reading date through 1935. Mr. Hayes left Milam county two years ago and moved to Bell county but has returned to the sand country at Marlow. It was a pleasing experience this week for the publisher to entertain his renewal for another year. Judge Ralston gives support to all worthy community enterprises and is a friend of Cameron newspapers. His life has been an interesting and romantic chapter. He recently turned his 84th year but keeps up his law practice and is just that many years young.

LOUISA'S Letter

COURTESY IS A SIGN OF REAL CULTURE

Dear Girls:-

Nothing so completely places a gentleman or gentlewoman as their treatment of social inferiors.

You may put it down that the person who loudly boasts of his forbears but who seems to think he must show his superiority by blustering commands, sarcastic remarks and other discourtesies to those who are not in a position to answer the same, are of very common clay, indeed.

I have seen women treat their servants as though they were deaf and dumb morons without feeling. Their children are never taught to say "please" or "thank you" for personal services rendered. They discuss their servants' shortcomings and dumbness with other people practically under the servants' noses. It would seem that for selfish reasons, if no others, they would be courteous to these people, for it is true that folks who work for others do much better work and are far more loyal when they like and respect their employers.

Put, leaving that fact out, the man or woman who takes advantage of his position to be rude, brands himself definitely as inferior.

Psychologists tell us that a person who is not sure of himself or his position often tries to disguise the fact by bluster and impoliteness. He wishes to impress others with an idea of which he is not certain himself.

It is not always the man who has not had several cultured generations behind him who is a discourteous boor. Some of the men and women who have come from the plainest and poorest homes are the most courteous.

A person who likes people, who is innately kind to everyone, who is considerate of other people's feelings, builds up a culture that all the wealth in the world can never buy.

So, if we are poor and haven't many advantages, we can still know that it is within our reach to be classed as gentleman and gentlewoman.

But if we are rich and proud of our background, let us be even more careful of our manners and remember that one can never be truly cultured unless he combines simplicity with kindness and a consideration for others.

Yours,
LOUISA.

YOEMEN HAVE CHANCE TO WIN CONFERENCE

C. W. GJEDDE

Things are happening in district 25. The Cameron Yoemen came near suffering a defeat at the hands of the Rockdale eleven last Friday night, but by some streak of luck were able to eke out a 6 to 6 tie. The Yoemen have tied two games, which is equivalent to one loss. Rosebud has lost one game and tied one and Belton has lost two games, which places the Yoemen a half game ahead of Rosebud in the race for district 25 championship.

The Yoemen are not showing the fighting spirit they showed in the first part of the season. As a whole, the Yoemen team played poorly against Rockdale.

The first half of the game was under the Yoemen control. The Yoemen made a touchdown in the second quarter by means of a pass from

Breeding to Smith. The Yoemen had possession of the ball practically all the first half of the game.

The second half was a different story. The Rockdale eleven came back with fire in their eyes and marched down the field by leaps and bounds. On a long pass from Kyle to Coffield Rockdale put the ball on about the four yard line, after which Rockdale scored with ease, but failed to kick goal. Rockdale held the ball most of the last quarter and from all appearances were determined to score again on the Yoemen, but were stopped by the time whistle.

The Yoemen will meet Belton Friday night on the Yoemen gridiron for the classic of the season. If the Yoemen can manage to put a victory over on Belton, then the district championship will go to the Yoemen.

The game Friday night will be without a doubt, the most exciting game of the season. Belton has been an in-and-out club but is powerful when at its best.

ROSEBUD TEAM IS RULED ELIGIBLE

BELTON, Nov. 12.—Rosebud's football team is eligible and all games played to date will be counted. Supt. E. D. Johnston of Belton, chairman of the investigating committee, said tonight on his return from investigating the charges against Rosebud.

Charges against Cameron alleging ineligibility will be taken up with the state interscholastic league director.

SHARP 4-H CLUB

The Sharp 4-H Club met Wednesday morning November 7, 1934 at the home of Ruth Jennings, the wardrobe demonstrator.

Dorothy Stewart led in a short pep program.

The club enrolled two more new

members, Norene West and Virginia Hosch. The Club is growing rapidly.

Miss Strange explained the year's work and made plans for the next meeting with her which will be in January. The demonstration will be on making cook aprons. She showed samples of materials for aprons, how to combine colors and attractive apron patterns. She gave each girl an inventory sheet for herself and showed the girl how to take a personality inventory.

Next meeting will be with Mrs. Billie Davis November 21. The program will be on Personal Care and Grooming.

Atlantic City, N. J., Oct. 31—National leadership of another Texan was recognized this week when the American Gas Association, convened here in 16th annual convention, elected L. B. Denning of Dallas, president of Lone Star Gas Co., vice president of the international organization for 1935. Election to this position places the pioneer Texas natural gas man in line for president in 1936, according to precedent.

"The natural gas industry especially in the Southwest looks forward with courage despite its many problems. Its supreme aim is to deliver best possible service to customers," said Mr. Denning in accepting the election.

The American Gas Association represents one of the world's leading industries and is composed of artificial and natural gas distribution, transmission, production, and manufacturing companies in the United States and Canada. All previous heads of the association have been from the east and north, and Mr. Denning is the first to bring the office to the southwest.

A pioneer and leader in the natural gas industry, Mr. Denning has been identified with Lone Star Gas Co. since 1909 when he organized the firm. He has served as president since 1915. It was under his direction that the company developed into the first extensive transmission system for serving small and widely separated towns in the Southwest.

BRIDGE FOR MISS DAVIS

Among the many parties for Miss Gladys Davis, bride-to-be of this month, was a bridge party Wednesday afternoon by Mrs. R. D. Brown at her attractive home on North Central Street. The hostess chose pink roses for her decorations, used throughout the reception suite.

A number of interesting games passed the afternoon away only too rapidly. Mrs. George W. Triggs made highest score, and was awarded a dainty sandwich tray, which she presented to the honor guest, who was also presented with a set of Maderia napkins by the hostess.

A salad and ice course was served on prettily decorated trays at the close of the afternoon.

Tea callers were Mrs. Judd Davis and Mrs. George Graves.
